

**Independent auditor's report**

To the members of KIMS Hospital Kurnool Private Limited (formally known as Kurnool Rainbow Hospital Private Limited)

**Report on the Audit of the Ind AS Financial Statements****Opinion**

We have audited the accompanying Ind AS financial statements of **KIMS Hospital Kurnool Private Limited** (formally known as Kurnool Rainbow Hospital Private Limited) ("the Company"), which comprise the Balance sheet as at 31 March 2020, the Statement of Profit and Loss, including the statement of Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and notes to the Ind AS financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2020, its loss including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

**Basis for Opinion**

We conducted our audit of the Ind AS financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Ind AS Financial Statements section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS financial statements.

**Information Other than the Financial Statements and Auditor's report thereon**

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the Ind AS financial statements and our auditor's report thereon.

Our opinion on the Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

**Responsibilities of management for the Ind AS financial statements**

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of Directors are also responsible for overseeing the Company's financial reporting process.

**Auditor's responsibilities for the audit of the Ind AS financial statements**

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

#### **Other matter**

The Ind AS financial statements of the Company for the year ended 31 March 2019, included in these Ind AS financial statements, have been audited by the predecessor auditor who expressed an unmodified opinion on those statements on 17 August 2019.

The comparative financial information of the Company for the year ended 31 March 2019 and the transition date opening balance sheet as at 01 April 2018 included in these Ind AS financial statements, are based on the previously issued statutory financial statements prepared in accordance with the accounting principles generally accepted in India, including the Companies (Accounting Standards) Rules, 2006 (as amended) specified under section 133 of the Act, read with the Companies (Accounts) Rules, 2014 audited by the predecessor auditor whose report for the year ended 31 March 2019 and 31 March 2018 dated 17 August 2019 and 03 September 2018 respectively expressed an unmodified opinion on those financial statements, as adjusted for the differences in the accounting principles adopted by the Company on transition to the Ind AS, which have been audited by us on which we have issued a unqualified opinion.

#### **Report on other legal and regulatory requirements**

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure 1" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report that:
  - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
  - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
  - (c) The balance sheet, the statement of profit and loss including the statement of other comprehensive income, the statement of cash flows and statement of changes in equity dealt with by this report are in agreement with the books of account;

# **S.R. BATLIBOI & ASSOCIATES LLP**

Chartered Accountants

- (d) In our opinion, the aforesaid Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;
- (e) On the basis of the written representations received from the directors as on 31 March 2020 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2020 from being appointed as a director in terms of Section 164 (2) of the Act;
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company with reference to these Ind AS financial statements and the operating effectiveness of such controls, refer to our separate Report in "Annexure 2" to this report;
- (g) The provisions of section 197 read with Schedule V of the Act are not applicable to the Company for the year ended 31 March 2020; and
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
  - i. The Company has disclosed the impact of pending litigations on its financial position in its Ind AS financial statements – Refer Note 2.25 to the Ind AS financial statements;
  - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses; and
  - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

**Annexure 1, referred to in paragraph 1 of our report of even date**

Re: KIMS Hospital Kurnool Private Limited (formally known as Kurnool Rainbow Hospital Private Limited) (the 'Company')

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.
- (b) All fixed assets have not been physically verified by the management during the year but there is a regular programme of verification which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.
- (c) According to the information and explanations given by the management, the title deeds of immovable properties included in property, plant and equipment are held in the name of the company.
- (ii) The management has conducted physical verification of inventory at reasonable intervals during the year and no material discrepancies were noticed on such physical verification. There was no inventory lying with third parties.
- (iii) According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under section 189 of the Companies Act, 2013. Accordingly, the provisions of clause 3(iii)(a), (b) and (c) of the Order are not applicable to the Company and hence not commented upon.
- (iv) In our opinion and according to the information and explanations given to us, there are no loans, investments, guarantees, and securities given in respect of which provisions of section 185 and 186 of the Companies Act 2013 are applicable and hence not commented upon.
- (v) The Company has not accepted any deposits within the meaning of Sections 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, the provisions of clause 3(v) of the Order are not applicable.
- (vi) We have broadly reviewed the books of account maintained by the Company pursuant to the rules made by the Central Government for the maintenance of cost records under section 148(1) of the Companies Act, 2013, related to the medical and healthcare services, and are of the opinion that prima facie, the specified accounts and records have been made and maintained. We have not, however, made a detailed examination of the same.
- (vii) (a) The Company is regular in depositing with appropriate authorities undisputed statutory dues including provident fund, employees' state insurance, income-tax, goods and service tax, cess and other statutory dues applicable to it.
- (b) According to the information and explanations given to us, no undisputed dues in respect of provident fund, employees' state insurance, income-tax, goods and service tax, cess and other statutory dues which were outstanding, at the year end, for a period of more than six months from the date they became payable.
- (viii) In our opinion and according to the information and explanations given by the management, the Company has not defaulted in repayment of loans or borrowing to a financial institution, bank or government or dues to debenture holders.

# **S.R. BATLIBOI & ASSOCIATES LLP**

Chartered Accountants

- (ix) In our opinion and according to information and explanations given by the management, the Company has not any money by way of initial public offer / further public offer / debt instruments. In our opinion and according to information and explanation given to us, the term loans taken by the company and applied during the period were for the purpose for which they were raised.
- (x) Based upon the audit procedures performed for the purpose of reporting the true and fair view of the financial statements and according to the information and explanations given by the management, we report that no fraud by the company or no fraud / material fraud on the company by the officers and employees of the Company has been noticed or reported during the year.
- (xi) According to the information and explanations given by the management, the managerial remuneration has been paid / provided in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Companies Act, 2013.
- (xii) In our opinion, the Company is not a nidhi Company. Therefore, the provisions of clause (xii) of the order are not applicable to the Company and hence not commented upon.
- (xiii) According to the information and explanations given by the management, transactions with the related parties are in compliance with section 188 of Companies Act, 2013 where applicable and the details have been disclosed in the notes to the financial statements, as required by the applicable accounting standards. The provisions of sec 177 are not applicable to the company and accordingly reporting under clause 3(xiii) insofar as it relates to section 177 of the Act is not applicable to the Company and hence not commented upon.
- (xiv) According to the information and explanations given to us and on an overall examination of the balance sheet, the company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review and hence, reporting requirements under clause 3(xiv) are not applicable to the company and, not commented upon.
- (xv) According to the information and explanations given by the management, the Company has not entered into any non-cash transactions with directors or persons connected with him as referred to in section 192 of Companies Act, 2013.
- (xvi) According to the information and explanations given to us, the provisions of section 45-IA of the Reserve Bank of India Act, 1934 are not applicable to the Company.

**Annexure 2 to the independent auditor's report of even date on the financial statements of KIMS Hospital Kurnool Private Limited (formally known as Kurnool Rainbow Hospital Private Limited)**

**Report on the internal financial controls under clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of KIMS Hospital Kurnool Private Limited (formally known as Kurnool Rainbow Hospital Private Limited) ("the Company") as of 31 March 2020, in conjunction with our audit of the financial statements of the Company for the year ended on that date.

**Management's responsibility for internal financial controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

**Auditor's responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting with reference to these financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting with reference to these financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to these financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls over financial reporting with reference to these financial statements.

**Meaning of internal financial controls over financial reporting with reference to these Financial Statements**

A company's internal financial control over financial reporting with reference to these financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting with reference to these financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

**Inherent limitations of internal financial controls over financial reporting with reference to these Financial Statements**

Because of the inherent limitations of internal financial controls over financial reporting with reference to these financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to these financial statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to these financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**Opinion**

In our opinion, the Company has, in all material respects, adequate internal financial controls over financial reporting with reference to these financial statements and such internal financial controls over financial reporting with reference to these financial statements were operating effectively as at 31 March 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

**Kims Hospital Kurnool Private Limited****(formerly known as Kurnool Rainbow Hospitals Private Limited)****Notes to the financial statements for the year ended 31 March 2020**

All amounts are in million of Indian Rupees, except share data or unless otherwise stated

**1.1 Company Overview**

KIMS Hospital Kurnool Private Limited ('the Company') (formerly known as Kurnool Rainbow Hospitals Private Limited) is a private company domiciled in India and is incorporated on 29 October 2012 under the provisions of Companies Act, 2013 in India. The registered office of the Company is located at P.No: 27 & 28 Sy No 931/J1&2B, Joharapuram Road, Kurnool, Andhra Pradesh - 518002.

The Company is primarily engaged in the business of rendering medical and healthcare services.

The financial statements were authorised for issue by the Company's Board of Directors on 26 June 2020.

**1.2 Basis of preparation of financial statements****a) Statement of Compliances:**

These financial statements have been prepared in accordance with Indian Accounting Standards ("Ind AS") as amended by the Companies (Indian Accounting Standards) (Amendment) Rules, 2016 notified under section 133 of Companies Act 2013 (the 'Act') and other relevant provisions of the Act.

For all periods up to and including the year ended 31 March 2019, the Company prepared its financial statements in accordance accounting standards notified under the section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (Indian GAAP). These financial statements for the year ended 31 March 2020 are the first financial statements of the Company has prepared in accordance with Ind AS. Refer to note 2.36 for information on how the Company adopted Ind AS.

**b) Basis of measurement:**

The financial statements have been prepared on the historical cost basis except for the following items:

Items	Measurement basis
Certain financial assets and liabilities	Fair value or Amortised cost
Net defined benefit (asset)/ liability	Fair value of plan assets less present value of defined benefit obligations

**c) Functional and presentation currency:**

These financial statements are presented in Indian Rupees Rs. which is also the Company's functional currency. All amounts are in Indian Rupees millions, rounded off to two decimals, except share data and per share data, unless otherwise stated.

**Kims Hospital Kurnool Private Limited**

**(formerly known as Kurnool Rainbow Hospitals Private Limited)**

**Notes to the financial statements for the year ended 31 March 2020**

All amounts are in million of Indian Rupees, except share data or unless otherwise stated

**d) Change in accounting policies**

**New and amended standards**

The Company applied Ind AS 116 for the first time. The nature and effect of the changes as a result of adoption of these new accounting standards are described below.

Several other amendments and interpretations apply for the first time in the current year, but do not have an impact on the Financial Statements of the Company. The Company has not early adopted any standards or amendments that have been issued but not yet effective.

**Ind AS 116 – Leases**

Ind AS 116 supersedes Ind AS 17 Leases including its appendices (Appendix C of Ind AS 17 Determining whether an Arrangement contains a Lease, Appendix A of Ind AS 17 Operating Leases-Incentives and Appendix B of Ind AS 17 Evaluating the Substance of Transactions Involving the Legal Form of a Lease). The Standard sets out the principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to recognise most leases on the balance sheet.

Effective 01 April 2019, the Company adopted Ind AS 116 "Leases" applied to all lease contracts existing on 01 April 2019 using the modified retrospective method and elected to measure the Right-of-Use assets at an amount equal to the lease liability as at the date of initial application, on the date of initial application. The effect of this adoption does not have an impact on the assets, liabilities, loss for the year and earning per share.

The Company applied the Standard only to contracts that were previously identified as leases applying Ind AS 17 and Appendix C of Ind AS 17 at the date of initial application. The Company also elected to use the recognition exemptions for lease contracts that, at the commencement date, have a lease term of 12 months or less and do not contain a purchase option (short-term leases), and lease contracts for which the underlying asset is of low value (low-value assets).

The weighted average lessee's incremental borrowing rate applied to lease liabilities recognised in the balance sheet at the date of initial application is 9.75% p.a.

Lessor accounting under Ind AS 116 is substantially unchanged from Ind AS 17. Lessors will continue to classify leases as either operating or finance leases using similar principles as in Ind AS 17. Therefore, Ind AS 116 does not have an impact for leases where the Company is the lessor.

**e) Significant accounting judgement, estimates and assumptions:**

The preparation of Company's financial statements in conformity with the recognition and measurement principles of Ind AS requires management to make judgments, estimates and assumptions that affect the reported balances of revenue, expenses, assets and liabilities, accompanying disclosures and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

**Kims Hospital Kurnool Private Limited**  
**(formerly known as Kurnool Rainbow Hospitals Private Limited)**  
**Notes to the financial statements for the year ended 31 March 2020**

All amounts are in million of Indian Rupees, except share data or unless otherwise stated

The following are the critical judgements, apart from those involving estimations that the directors have made in the process of applying the Company's accounting policies and that have the most significant effect on the amounts recognised in the financial statements.

**Estimates and assumptions**

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

**Provision for expected credit losses of trade receivables and contract assets**

The Company uses a provision matrix to calculate ECLs for trade receivables and contract assets. The provision rates are based on days past due for groupings of various customer segments that have similar loss patterns (i.e., by product type, customer type and other forms of credit insurance).

The provision matrix is initially based on the Company's historical observed default rates. The Company will calibrate the matrix to adjust the historical credit loss experience with forward-looking information. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

The assessment of the correlation between historical observed default rates, forecast economic conditions and ECLs is a significant estimate. The amount of ECLs is sensitive to changes in circumstances and of forecast economic conditions. The Company's historical credit loss experience and forecast of economic conditions may also not be representative of customer's actual default in the future.

**Defined benefit plans (gratuity benefits)**

The cost of the defined benefit gratuity plan and other post-employment medical benefits and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. Refer Note 2.25 - Measurement of defined benefit obligations, key actuarial assumptions.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds where remaining maturity of such bond correspond to expected term of defined benefit obligation.

**Kims Hospital Kurnool Private Limited**

**(formerly known as Kurnool Rainbow Hospitals Private Limited)**

**Notes to the financial statements for the year ended 31 March 2020**

All amounts are in million of Indian Rupees, except share data or unless otherwise stated

**Impairment of non-financial assets**

Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a DCF model. The cash flows are derived from the budget for the next five years and do not include restructuring activities that the Company is not yet committed to or significant future investments that will enhance the asset's performance of the CGU being tested. The recoverable amount is sensitive to the discount rate used for the DCF model as well as the expected future cash-inflows and the growth rate used for extrapolation purposes.

**f) Current and non-current classification**

The Company presents assets and liabilities in the balance sheet based current and non-current classification.

**Assets**

An asset is classified as current when it satisfies any of the following criteria:

- i. it is expected to be realised in, or is intended for sale or consumption in, the company's normal operating cycle;
- ii. it is held primarily for the purpose of being traded;
- iii. it is expected to be realised within 12 months after the reporting date; or
- iv. it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

All other assets are classified as non-current.

**Liabilities**

A liability is classified as current when it satisfies any of the following criteria:

- i. it is expected to be settled in the company's normal operating cycle;
- ii. it is held primarily for the purpose of being traded;
- iii. it is due to be settled within 12 months after the reporting date; or
- iv. the company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as noncurrent assets and liabilities.

**Operating cycle**

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

**Kims Hospital Kurnool Private Limited**

**(formerly known as Kurnool Rainbow Hospitals Private Limited)**

**Notes to the financial statements for the year ended 31 March 2020**

All amounts are in million of Indian Rupees, except share data or unless otherwise stated

**g) Fair value measurement:**

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data is available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

At each reporting date, the Management analyses the movements in the values of assets and liabilities which are required to be re measured or re-assessed as per the Company's accounting policies. For this analysis, the Management verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.

The Management also compares the change in the fair value of each asset and liability with relevant external sources to determine whether the change is reasonable.

Periodically, the Management present the valuation results to the Board of Directors/ Audit Committee and the Company's independent auditors. This includes a discussion of the major assumptions used in the valuations.

**Kims Hospital Kurnool Private Limited**  
**(formerly known as Kurnool Rainbow Hospitals Private Limited)**  
**Notes to the financial statements for the year ended 31 March 2020**

All amounts are in million of Indian Rupees, except share data or unless otherwise stated

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred. Further information about the assumptions made in measuring fair values is included in Note 2.31 – financial instruments.

### **1.3 Significant accounting policies**

#### **A. Revenue from contract with customer**

The Company's revenue from medical and healthcare services comprises of income from hospital services and sale of pharmacy items.

Effective April 1, 2018, the Company has applied Ind AS 115 - Revenue from Contract with customers which establishes a comprehensive framework for revenue recognition. Revenue is recognised upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those products or services. When there is uncertainty on ultimate collectability, revenue recognition is postponed until such uncertainty is resolved.

Income from hospital services comprises of fees charged for inpatient and outpatient hospital services. The performance obligations for this stream of revenue include accommodation, surgery, medical/clinical professional services, food and beverages, investigation and supply of pharmaceutical and related products.

Revenue is recognised when the related services are rendered at the transaction price. With respect to the patients who are undergoing treatment/ observation on the balance sheet date, revenue is recognised to the extent of services rendered. Revenue is measured based on the transaction price, which is the fixed consideration adjusted for discounts, amounts payable to customer, principal versus agent considerations, any other rights and obligations as specified in the contract with the customer. Revenue also excludes taxes collected from customers and deposited back to the respective statutory authorities.

Revenue from sale of pharmacy (other than hospital services), where the performance obligation is satisfied at a point in time, is recognised when the control of goods is transferred to the customer.

**Kims Hospital Kurnool Private Limited**  
**(formerly known as Kurnool Rainbow Hospitals Private Limited)**  
**Notes to the financial statements for the year ended 31 March 2020**

All amounts are in million of Indian Rupees, except share data or unless otherwise stated

**Contract balances**

Contract assets represents value to the extent of medical and healthcare services rendered to the patients who are undergoing treatment/ observation on the balance sheet date and is not billed as at the balance sheet date.

A receivable is recognised if an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due). Refer to accounting policies of Financial instruments – initial recognition and subsequent measurement.

A contract liability is recognised if a payment is received or a payment is due (whichever is earlier) from a customer before the Company transfers the related goods or services. Contract liabilities are recognised as revenue when the Company performs under the contract (i.e., transfers control of the related goods or services to the customer).

**Other Income**

Interest on deposits, loans and debt instruments are measured at amortized cost. interest income is recorded using the Effective Interest Rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortized cost of a financial liability. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses. Interest income is included in other income in the statement of profit and loss.

**B. Income tax**

The Income-tax expense comprises current tax and deferred tax. It is recognised in profit and loss except to the extent that is relates to an item recognised directly in equity or in other comprehensive income.

**Current income tax**

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the country where the Company operates and generates taxable income.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

**Kims Hospital Kurnool Private Limited**

**(formerly known as Kurnool Rainbow Hospitals Private Limited)**

**Notes to the financial statements for the year ended 31 March 2020**

All amounts are in million of Indian Rupees, except share data or unless otherwise stated

**Deferred tax**

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- When the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.
- In respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except:

- When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.
- In respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised, or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

**Kims Hospital Kurnool Private Limited**  
**(formerly known as Kurnool Rainbow Hospitals Private Limited)**  
**Notes to the financial statements for the year ended 31 March 2020**

All amounts are in million of Indian Rupees, except share data or unless otherwise stated

The Company offsets deferred tax assets and deferred tax liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities which intend either to settle current tax liabilities and assets on a net basis, or to realise the assets and settle the liabilities simultaneously, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

**C. Property, plant and equipment**

Property, plant and equipment is stated at original cost, net of accumulated depreciation and accumulated impairment losses, if any.

Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, borrowing costs, if the recognition criteria are met, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it located.

The cost of self-constructed item of property, plant and equipment comprises the cost of materials and direct labour, any other cost directly attributable to bringing the item to working conditions for its intended use, and estimated costs of dismantling and removing the item and restoring the site on which it is located.

When significant parts of Property, plant and equipment are required to be replaced at intervals, the Company de-recognises the replaced part, and recognizes the new part with its own associated useful life and it is depreciated accordingly. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repairs and maintenance costs are recognised in the statement of profit and loss as incurred.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Capital work in progress is stated at cost, net of accumulated impairment loss, if any.

The cost and related accumulated depreciation are de-recognised from the financial statements upon sale or disposition of the asset and the resultant gains or losses are recognised in the statement of profit and loss. Amounts paid towards the acquisition of property, plant and equipment outstanding as of each reporting date are recognised as capital advance and the cost of property, plant and equipment not ready for intended use before such date are disclosed under capital work-in-progress.

**Kims Hospital Kurnool Private Limited****(formerly known as Kurnool Rainbow Hospitals Private Limited)****Notes to the financial statements for the year ended 31 March 2020**

All amounts are in million of Indian Rupees, except share data or unless otherwise stated

**De recognition**

The carrying amount of an item of property, plant and equipment is derecognized on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising from the de-recognition of an item of property, plant and equipment is measured as the difference between the net disposal proceeds and the carrying amount of the item and is recognized in the Statement of Profit and Loss when the item is derecognized.

**Depreciation**

Depreciation/Amortisation is provided on the straight-line method, based on the useful life of the assets as estimated by the management. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used. The Company has estimated the following useful lives to provide depreciation on its Property, plant and equipment which are in compliance with the Companies Act, 2013:

Category of Assets	Useful life (In years)
Buildings	60
Medical and surgical equipment	13
Plant and equipment	15
Office equipment	5
Electrical equipment	10
Computers	3-6
Furniture and fixtures	10
Vehicles	8

Based on the planned usage of certain specific assets and technical assessment, the management has estimated the useful lives of Property, plant and equipment which are different from the useful life prescribed in Schedule II to the Companies Act, 2013 for the following:

- Individual asset not exceeding Rs. 5,000 have been fully depreciated in the year of purchase.
- Leasehold land is in the nature of perpetual lease without any limited useful life and hence is not amortised.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

**D. Intangible assets**

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is their fair value at the date of acquisition. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses. Internally generated intangibles, excluding capitalised development costs, are not capitalised and the related expenditure is reflected in profit or loss in the period in which the expenditure is incurred.

**Kims Hospital Kurnool Private Limited**  
**(formerly known as Kurnool Rainbow Hospitals Private Limited)**  
**Notes to the financial statements for the year ended 31 March 2020**

All amounts are in million of Indian Rupees, except share data or unless otherwise stated

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

An intangible asset is derecognised upon disposal (i.e., at the date the recipient obtains control) or when no future economic benefits are expected from its use or disposal. Any gain or loss arising upon derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss, when the asset is derecognised.

**Amortisation**

The estimated useful life of an identifiable intangible asset is based on a number of factors including the effects of obsolescence, demand, competition and other economic factors (such as the stability of the industry and known technological advances) and the level of maintenance expenditures required to obtain the expected future cash flows from the asset.

The estimated useful lives of intangibles are as follows:

Category of Assets	Useful life (In years)
Software	6

**E. Borrowing costs**

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

**F. Leases**

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

**Company as a lessee**

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

**Kims Hospital Kurnool Private Limited**

**(formerly known as Kurnool Rainbow Hospitals Private Limited)**

**Notes to the financial statements for the year ended 31 March 2020**

All amounts are in million of Indian Rupees, except share data or unless otherwise stated

**i) Right-of-use assets**

The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset. The right-of-use assets are also subject to impairment. Refer to the accounting policies of Impairment of non-financial assets.

**ii) Lease Liabilities**

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

**iii) Short-term leases and leases of low-value assets**

The Company applies the short-term lease recognition exemption to its short-term leases of machinery and equipment (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office equipment that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

**Kims Hospital Kurnool Private Limited**

**(formerly known as Kurnool Rainbow Hospitals Private Limited)**

**Notes to the financial statements for the year ended 31 March 2020**

All amounts are in million of Indian Rupees, except share data or unless otherwise stated

**G. Inventories**

The inventories comprising of medical consumables and pharmacy items are valued at lower of cost or net realisable value. Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale. Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on weighted average basis. The comparison of cost and net realisable is made on an item by item basis.

**H. Impairment of non-financial assets**

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used.

The Company bases its impairment calculation on detailed budgets and forecast calculations which are prepared separately for each of the Company's cash-generating units to which the individual assets are allocated. These budgets and forecast calculations are generally covering a period of five years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the fifth year.

For assets excluding goodwill, an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit and loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

**Kims Hospital Kurnool Private Limited****(formerly known as Kurnool Rainbow Hospitals Private Limited)****Notes to the financial statements for the year ended 31 March 2020**

All amounts are in million of Indian Rupees, except share data or unless otherwise stated

**I. Provisions**

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, the expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

**Contingent liabilities**

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

A contingent asset is not recognised unless it becomes virtually certain that an inflow of economic benefits will arise. When an inflow of economic benefits is probable, contingent assets are disclosed in the financial statements.

Contingent liabilities and contingent assets are reviewed at each balance sheet date.

**J. Retirement and other employee benefits****Defined contribution plans**

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognizes contribution payable to the provident fund scheme as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

**Defined benefit plans**

The Company's gratuity benefit scheme is a defined benefit plan. The Company's net obligation in respect of a defined benefit plan is calculated by estimating the amount of future benefit that employees have earned and returned for services in the current and prior periods; that benefit is discounted to determine its present value. The calculation of Company's obligation under the plan is performed annually by a qualified actuary using the projected unit credit method.

**Kims Hospital Kurnool Private Limited**  
**(formerly known as Kurnool Rainbow Hospitals Private Limited)**  
**Notes to the financial statements for the year ended 31 March 2020**

All amounts are in million of Indian Rupees, except share data or unless otherwise stated

The gratuity scheme is administered by third party. Re-measurements of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognised immediately in other comprehensive income (OCI).

The Company determines the net interest expense (income) on the net defined liability (assets) for the period by applying the discount rate used to measure the net defined obligation at the beginning of the annual period to the then-net defined benefit liability (asset), taking into account any changes to the defined benefit liability (asset) as a result of contribution and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognised in the statement of profit and loss. The Company recognises gains and losses in the curtailment or settlement of a defined benefit plan when the curtailment or settlement occurs.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service or the gain or loss on curtailment is recognised immediately in the statement of profit and loss.

**Short term employee benefits**

Short term employee benefits are measured on an undiscounted basis and are expensed as the relative service is provided. A liability is recognised for the amount expected to be paid e.g., under short term cash bonus, if the Company has a present legal or constructive obligation to pay this amount as a result of the past service provided by the employee, and the amount of obligation can be estimated reliably.

**Compensated Absences**

As per the leave encashment policy of the Company, the employees have to utilise their eligible leave during the financial year and lapses at the end of the financial year. Accrual towards compensated absences at the end of the financial year are based on last salary drawn and outstanding leave absence at the end of the financial year.

Accumulated leave, which is expected to be utilized within the next twelve months, is treated as short-term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

The Company treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year end. Actuarial gains/losses are immediately taken to the statement of profit and loss and are not deferred.

**Kims Hospital Kurnool Private Limited**

**(formerly known as Kurnool Rainbow Hospitals Private Limited)**

**Notes to the financial statements for the year ended 31 March 2020**

All amounts are in million of Indian Rupees, except share data or unless otherwise stated

**K. Financial instruments**

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

**Financial Assets**

**Initial recognition and measurement**

Financial assets are classified, at initial recognition, as subsequently measured at amortised cost, fair value through other comprehensive income (OCI), and fair value through profit or loss. The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Company's business model for managing them. With the exception of trade receivables that do not contain a significant financing component or for which the Company has applied the practical expedient, the Company initially measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs. Trade receivables that do not contain a significant financing component or for which the Company has applied the practical expedient are measured at the transaction price determined under Ind AS 115.

In order for a financial asset to be classified and measured at amortised cost or fair value through OCI, it needs to give rise to cash flows that are 'solely payments of principal and interest (SPPI)' on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level. Financial assets with cash flows that are not SPPI are classified and measured at fair value through profit or loss, irrespective of the business model.

**Subsequent measurement**

On initial recognition, a financial asset is classified as measured at

- Financial assets at amortised cost
- Financial assets at fair value through profit or loss (FVTPL)

**Financial assets at amortised cost**

A financial asset is measured at amortised cost if it meets both of the following conditions:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

**Financial assets at fair value through profit or loss**

All financial assets not classified as measured at amortised cost as described above are measured at FVTPL. On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

**Kims Hospital Kurnool Private Limited**  
**(formerly known as Kurnool Rainbow Hospitals Private Limited)**  
**Notes to the financial statements for the year ended 31 March 2020**

All amounts are in million of Indian Rupees, except share data or unless otherwise stated

**Derecognition**

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

**Impairment of financials assets**

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

Financial assets that are debt instruments, and are measured at amortized cost e.g., loans, debt securities, deposits, trade receivables and bank balance.

Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 11 and Ind AS 18 (referred to as 'contractual revenue receivables' in these financial statements).

The Company follows 'simplified approach' for recognition of impairment loss allowance on Trade receivables.

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognizing impairment loss allowance based on 12-month ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR.

**Kims Hospital Kurnool Private Limited**  
**(formerly known as Kurnool Rainbow Hospitals Private Limited)**  
**Notes to the financial statements for the year ended 31 March 2020**

All amounts are in million of Indian Rupees, except share data or unless otherwise stated

**Financial liabilities**

**Initial recognition and measurement**

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, as appropriate. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and financial guarantee contracts.

**Subsequent measurement**

For purposes of subsequent measurement, financial liabilities are classified in two categories:

- Financial liabilities at fair value through profit or loss
- Financial liabilities at amortised cost (loans and borrowings)

**Financial liabilities at fair value through profit or loss**

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss.

**Financial liabilities at amortised cost (loans and borrowings)**

This is the category most relevant to the Company. After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss. This category generally applies to borrowings.

**Derecognition**

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

**L. Cash and cash equivalents**

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, that are readily convertible to a known amount of cash and subject to an insignificant risk of changes in value. For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

**Kims Hospital Kurnool Private Limited**

**(formerly known as Kurnool Rainbow Hospitals Private Limited)**

**Notes to the financial statements for the year ended 31 March 2020**

All amounts are in million of Indian Rupees, except share data or unless otherwise stated

**M. Earnings per share**

The basic and diluted earnings per share is computed by dividing the net profit attributable to equity shareholders for the period by the weighted average number of equity shares outstanding during the year.

**N. Segment reporting**

Based on "Management Approach" as defined in Ind AS 108 -Operating Segments, the Management evaluates the Company's performance and allocates the resources based on an analysis of various performance indicators by business segments. Inter segment sales and transfers are reflected at market prices. Unallocable items includes general corporate income and expense items which are not allocated to any business segment.

**Segment Policies:**

The Company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Company as a whole. Common allocable costs are allocated to each segment on an appropriate basis.

**O. Events after reporting date**

Where events occurring after the Balance Sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted within the financial statements. Otherwise, events after the Balance Sheet date of material size or nature are only disclosed.

**b) Rights, preferences and restrictions attached to equity shares:**

The Company has only one class of equity shares having par value of Rs. 10/- each. Each equity share holder is entitled to one vote per equity share held. In the event of liquidation of the company, the holders of equity shares will be entitled to receive remaining assets of the company, after distribution of all preferential amounts. The distribution will be in proportion to the number of equity shares held by the shareholders.

**c) Particulars of shareholders holding more than 5% equity shares**

**Nature and purpose of reserves:**

**1. Capital contribution**

Financial guarantee contracts are recognised as a financial liability at the time of issue of guarantee. The liability is measured at fair value and subsequently at the higher of the amount determined in accordance with Ind AS 37 and the amount initially recognised less cumulative amortisation, where appropriate.

Where guarantee in relation to loans or other payables of subsidiary is provided for no compensation by the shareholder, fair values of such guarantees are accounted as capital contribution in the books of the Company.

**2. Retained earnings**

Retained earnings are the profits/losses (net of appropriations) of the company earned till date, including items of other comprehensive income.

## 2.24 Contingent liabilities and commitments

### (a) Contingent liabilities

On 28 February 2019, the Supreme Court of India issued a judgement which provided further guidance for companies in determining which components of their employee's compensation are subject to statutory withholding obligations, and matching employer contribution obligations, for Provident Fund contributions under Indian law. There are interpretative issues relating to the retrospective applicability of the judgement. However, from the current year, the Company has complied with the aforesaid Supreme court's judgement. The Company will evaluate the same and update its position for earlier years, if any on receiving further clarity on the subject.

#### Note:

Pending resolution of the respective proceedings, it is not practicable for the Company to estimate the timings of the cash flow, if any, in respect of the above as it is determinable only on receipt of judgements/decisions pending with various forums/authorities.

### (b) Commitments

Particulars	As at 31 March 2020	As at 31 March 2019	As at 01 April 2018
i) Estimated amount of contracts remaining to be executed on capital account and not provided for (net of advances)	53.86	-	-

## 2.25 Employee benefits

### Defined benefit plan

From the current year, the Company operate post-employment defined benefit plan that provides gratuity. The gratuity plan entitles an employee, who has rendered at least five years of continuous services, to receive one-half month's salary for each year of completed services at the time of retirement/exit. The Company's obligation in respect of gratuity plan, which is a defined benefit plan is provided for based on actuarial valuation carried out by an independent actuary using the projected unit credit method.

**A Based on the actuarial valuation obtained in this respect, the following table sets out the status of the gratuity plan and the amounts recognised in the Company's financial statements as at the balance sheet date:**

Particulars	As at 31 March 2020
Defined benefit obligations liability	0.71
Net defined benefit liability	0.71
<b>Total employee benefit liability</b>	<b>0.71</b>
Non-current	0.71
Current	-

### B Reconciliation of net defined benefit (assets) liability

The following table shows a reconciliation from the opening balances to the closing balances for net defined benefit (assets) liability and its components.

#### 1) Reconciliation of present value of defined benefit obligation

Particulars	As at 31 March 2020
Defined benefit obligation as at 1 April	-
Current service cost	0.95
Interest cost	0.02
Actuarial (gains) losses recognised in other comprehensive income	
- Changes in demographic assumptions	(0.17)
- Changes in financial assumptions	0.07
- due to other reason	(0.16)
<b>Defined benefit obligation as at balance sheet date</b>	<b>0.71</b>

Net defined benefit liability 0.71

#### C i) Expenses recognised in statement of profit and loss

Particulars	For the year ended 31 March 2020
Current service cost	0.95
Interest cost	0.02
<b>Net gratuity cost, included in 'employee benefits'</b>	<b>0.97</b>

**KIMS Hospital Kurnool Private Limited**  
**(formerly known as Kurnool Rainbow Hospitals Private Limited)**  
**Notes to the financial statements for the year ended 31 March 2020**  
All amounts are in million of Indian Rupees except share data or unless otherwise stated

**D Defined benefit obligation**

i) Actuarial assumptions

The following are the principal actuarial assumptions at the reporting date (expressed as weighted averages):

Principal actuarial assumptions	As at 31 March 2020
Discount rate	5.85%
Salary escalation rate	8.00%

Maturity profile of defined benefit obligation

Particulars	As at 31 March 2020
1st following year	0.01
Year 2 to 5 years	0.32
Year 6 to 9 years	0.42
More than 10 years	0.34

Discount rate: The discount rate is based on the prevailing market yields of Indian government securities as at the balance sheet date for the estimated term of the obligations.

Salary escalation rate: The estimates of future salary increases considered takes into accounts the inflation, seniority, promotion and other relevant factors.

ii) Sensitivity analysis

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions would have affected the defined benefit obligation by the amounts shown below:

Particulars	For the year ended 31 March 2020	
	Increase	Decrease
Discount rate (1% movement)	(0.66)	0.76
Future salary increase (1% movement)	0.76	(0.66)

**E Amount of current year and previous four years are as follows**

Particulars	As at 31 March 2020
Present value of defined benefit obligation	0.71
(Surplus)/ deficit in the plan	0.71

**F Defined contribution plan**

Particulars	For the year ended 31 March 2020
Amount recognised in the statement of profit and loss towards	
i) Provident fund	3.87
ii) Employee state insurance	2.63

**2.28 Segment information**

The Company is engaged in the business of rendering medical and healthcare services.

Ind AS 108 "Operating Segment" ("Ind AS 108") establishes standards for the way that public business enterprises report information about operating segments and related disclosures about products and services, geographic areas, and major customers. Based on the "Management approach" as defined in Ind AS 108, Operating segments are to be reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker (CODM) i.e the Board of Directors. The CODM evaluates the Company's performance and allocates resources on overall basis. The Company's sole operating segment is therefore 'Medical and Healthcare Services'. Accordingly, there are no additional disclosures to be provided under Ind AS 108, other than those already provided in the financial statements.

Further the business operation of the Company are concentrated in India, and hence, the Company is considered to operate only in one geographical segment.

**2.29 Due to Micro and Small Enterprises**

The Ministry of Micro, Small and Medium Enterprises has issued an office memorandum dated 26 August 2008 which recommends that the Micro and Small Enterprises should mention in their correspondence with its customers the Entrepreneurs Memorandum Number as allocated after filing of the Memorandum. Accordingly, the disclosure in respect of the amount payable to such enterprises as at 31 March 2020 has been made in the financial statements based on information received and available with the Company. Further in view of the Management, the impact of interest, if any, that may be payable in accordance with the provisions of the Micro, Small and Medium Enterprises Development Act, 2006 (The MSMED Act) is not expected to be material. The Company has not received any claim for interest from any supplier.

Particulars	As at 31 March 2020	As at 31 March 2019	As at 01 April 2018
The amounts remaining unpaid to micro and small supplies as at end of the year			
- Principal	-	-	-
- Interest	-	-	-
The amount of interest paid by the buyer as per the MSMED Act	-	-	-
The amount of payments made to micro and small suppliers beyond the appointed day during the year;	-	-	-
The amount of interest due and payable for the period of delay in making payment (which have been paid but beyond the appointed day during the year) but without adding the interest specified under the MSMED Act;	-	-	-
The amount of interest accrued and remaining unpaid at the end of each accounting year	-	-	-
The amount of further interest remaining due and payable even in the succeeding years, until such date when the interest dues as above are actually paid to the small enterprises for the purpose of disallowance as a deductible expenditure under the MSMED act.	-	-	-

KIMS Hospital Kurnool Private Limited  
(formerly known as Kurnool Rainbow Hospitals Private Limited)  
Notes to the financial statements for the year ended 31 March 2020  
All amounts are in million of Indian Rupees except share data or unless otherwise stated

## 2.30 Capital management

The Company's policy is to maintain a stable capital base so as to maintain investor and creditor confidence and to sustain future development of the business. Management monitors capital on the basis of return on capital employed as well as the 'adjusted net debt' to 'total equity' ratio.

For this purpose, adjusted net debt is defined as total borrowings, less cash and cash equivalents. Total equity comprises all components of equity excluding capital contribution.

The Company's adjusted net debt to equity ratio was as follows:

Particulars	As at 31 March 2020	As at 31 March 2019	As at 01 April 2018
Total borrowings	512.08	339.28	305.24
Less: Cash and cash equivalents	0.47	4.54	1.68
<b>Adjusted net debt</b>	<b>511.61</b>	<b>334.74</b>	<b>303.56</b>
<b>Total equity</b>	<b>(127.60)</b>	<b>(34.53)</b>	<b>20.28</b>
<b>Adjusted net debt to equity ratio</b>	<b>(4.01)</b>	<b>(9.69)</b>	<b>14.97</b>

## 2.31 Financial instruments : Fair value and risk management

### A. Accounting classification and fair values

The management assessed that loans, trade receivables, cash and cash equivalents, other financial assets, borrowings, trade payables and other financial liabilities approximate their carrying amounts as fair value.

### B. Financial risk management

The Company's activities expose it to a variety of financial risks: credit risk, market risk and liquidity risk.

#### (i) Risk management framework

The Company's Board of Directors have overall responsibility for the establishment and oversight of the Company's risk management framework.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and Company's activities. The Company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all the employees understand their roles and obligations.

The Company's Board of Directors oversees how management monitors compliance with the Company's risk management policies and procedures and reviews the adequacy of risk management framework in relation to the risks faced by the Company. The Board of Directors is assisted in its oversight role by the internal audit. Internal audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the Board of Directors.

#### (ii) Credit risk

Credit risk is the risk that the counterparty will not meet its obligation under a financial instrument or customer contract, leading to financial loss. The credit risk arises principally from its operating activities (primarily trade receivables) and from its investing activities, including deposits with banks and financial institutions and other financial instruments. The carrying amounts of financial assets represent the maximum credit risk exposure.

Credit risk is controlled by analysing credit limits to whom credit has been granted after obtaining necessary approvals for credit. The collection from the trade receivables are monitored on a continuous basis by the receivables team.

The Company establishes an allowance for credit loss that represents its estimate of expected losses in respect of trade and other receivables based on the past and the recent collection trend. The maximum exposure to credit risk as at reporting date is primarily from trade receivables amounting to Rs. 25.03 as on 31 March 2020 (31 March 2019: Rs. 10.23, 01 April 2018: Rs. 4.11). The movement in allowance for credit loss in respect of trade and other receivables during the year was as follows:

	As at 31 March 2020	As at 31 March 2019	As at 01 April 2018
<b>Allowance for credit losses</b>			
Opening balance	0.55	-	-
Credit loss added / (reversed)	3.23	0.55	-
Closing Balance	3.78	0.55	-

Credit risk on cash and cash equivalent is limited as the Company generally transacts with banks and financial institutions with high credit ratings assigned by international and domestic credit rating agencies. There are no customer with revenue more than 10% of the total revenue for the year ended 31 March 2020 and 31 March 2019.

#### (iii) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The table below provides details regarding the undiscounted contractual maturities of significant financial liabilities as of 31 March 2020:

Particulars	Carrying Value	Less than 1 year	1 - 5 years	More than 5 years	Total
Non current borrowings*	425.53	-	326.99	98.54	425.53
Current borrowing	52.42	52.42	-	-	52.42
Trade payables	59.49	59.49	-	-	59.49
Other financial liabilities	95.02	95.02	-	-	95.02
<b>Total</b>	<b>632.46</b>	<b>206.93</b>	<b>326.99</b>	<b>98.54</b>	<b>632.46</b>

\*excluding current maturities

The table below provides details regarding the undiscounted contractual maturities of significant financial liabilities as of 31 March 2019:

Particulars	Carrying Value	Less than 1 year	1 - 5 years	More than 5 years	Total
Non current borrowings*	187.77	-	187.77	-	187.77
Current borrowing	39.31	39.31	-	-	39.31
Trade payables	47.71	47.71	-	-	47.71
Other financial liabilities	128.16	128.16	-	-	128.16
<b>Total</b>	<b>402.95</b>	<b>215.18</b>	<b>187.77</b>	<b>-</b>	<b>402.95</b>

\*excluding current maturities

KIMS Hospital Kurnool Private Limited  
(formerly known as Kurnool Rainbow Hospitals Private Limited)  
Notes to the financial statements for the year ended 31 March 2020  
All amounts are in million of Indian Rupees except share data or unless otherwise stated

**2.31 Financial instruments : Fair value and risk management (continued)**

**(iii) Liquidity risk (continued)**

The table below provides details regarding the undiscounted contractual maturities of significant financial liabilities as of 01 April 2018:

Particulars	Carrying Value	Less than 1 year	1 - 5 years	More than 5 years	Total
Non current borrowings*	209.64	-	209.64	-	209.64
Current borrowing	38.78	38.78	-	-	38.78
Trade payables	32.16	32.16	-	-	32.16
Other financial liabilities	71.23	71.23	-	-	71.23
<b>Total</b>	<b>351.81</b>	<b>142.17</b>	<b>209.64</b>	<b>-</b>	<b>351.81</b>

\*excluding current maturities

The Company has secured loans from bank that contain loan covenants. A future breach of covenant may require the Company to repay the loan earlier than indicated in the above table.

**(iv) Market risk**

**(a) Interest rate risk exposure**

The exposure of the Company's borrowing to interest rate changes at the end of the reporting period are as follows:

Particulars	As at 31 March 2020	As at 31 March 2019	As at 01 April 2018
Variable rate borrowings including current maturities and short term borrowings	432.68	243.01	264.35

**(b) Cash flow sensitivity analysis**

Particulars	Equity, net of tax For the year ended 31 March 2020	For the year ended 31 March 2019
Sensitivity		
1% increase in MCLR	4.33	2.43
1% decrease in MCLR	(4.33)	(2.43)

The interest rate sensitivity is based on the closing balance of secured term loans and working capital loans from banks.

**(v) Currency risk**

The Company is not exposed to currency risk.

**2.32 Revenue from contracts with customers:**

**Disaggregated revenue information**

Set out below is the disaggregation of the Company's revenue from contracts with customers:

	For the year ended 31	For the year ended 31	
Particulars	March 2020	March 2019	
Income from hospital services	303.10	164.72	
Income from pharmacy	105.08	31.29	
<b>Total revenue from contracts with customers</b>	<b>408.18</b>	<b>196.01</b>	
India	408.18	196.01	
Outside India	-	-	
<b>Timing of revenue recognition</b>			
Services transferred over time	303.10	164.72	
Goods transferred at a point of time	105.08	31.29	
<b>Total revenue from contracts with customers</b>	<b>408.18</b>	<b>196.01</b>	
<b>Reconciliation of revenue recognised with the contracted price is as follows:</b>			
Contract price	440.79	197.75	
Less: Discounts and disallowances	(31.54)	(1.23)	
Less: Others	(1.07)	(0.51)	
<b>Total revenue from contracts with customers</b>	<b>408.18</b>	<b>196.01</b>	
<b>Contract balances</b>			
<b>Particulars</b>	<b>As at 31 March 2020</b>	<b>As at 31 March 2019</b>	<b>As at 01 April 2018</b>
Trade receivables	21.25	9.68	4.11
Contract assets	2.11	-	-
Contract liabilities	3.02	-	-

**2.33** The Company did not have any long term contracts including derivative contracts for which there were any material foreseeable losses.

**2.34 Lease**

**Operating leases in the capacity of lessee**

The Company has residential premises under cancellable operating leases. The Company intends to renew such lease in the normal course of business. Total rental expenses under cancellable operating lease amounted to Rs. 0.99 ( previous year 31 March 2019 Rs. Nil). The same are grouped under other expenses in the standalone statement of profit and loss.

**KIMS Hospital Kurnool Private Limited**  
(formerly known as Kurnool Rainbow Hospitals Private Limited)  
**Notes to the financial statements for the year ended 31 March 2020**  
All amounts are in million of Indian Rupees except share data or unless otherwise stated

### **2.35 First-time adoption of Ind AS**

These financial statements, for the year ended 31 March 2020, are the first the Company has prepared in accordance with Ind AS. For periods up to and including the year ended 31 March 2019, the Company prepared its financial statements in accordance with accounting standards notified under section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (Previous GAAP).

Accordingly, the Company has prepared financial statements which comply with Ind AS applicable for periods ending on 31 March 2020, together with the comparative period data as at and for the year ended 31 March 2019, as described in the summary of significant accounting policies. In preparing these financial statements, the Company's opening balance sheet was prepared as at 01 April 2018, the Company's date of transition to Ind AS. This note explains the principal adjustments made by the Company in restating its Indian GAAP financial statements, including the balance sheet as at 01 April 2018 and the financial statements as at and for the year ended 31 March 2019.

#### **Exemptions applied:**

Ind AS 101 allows first-time adopters certain mandatory and voluntary exemptions from the retrospective application of certain requirements under Ind AS. The Company has applied the following exemptions:

##### **a) Estimates**

The estimates as at 1 April 2018 and as at 31 March 2019 are consistent with those made for the same dates in accordance with Indian GAAP (after adjustments to reflect any differences in accounting policies) apart from the Impairment of financial assets based on expected credit loss model where application of Indian GAAP did not require estimation.

The estimates used by the Company to present these amounts in accordance with Ind AS reflect conditions at 1 April 2018, the date of transition to Ind AS and as of 31 March 2019 respectively.

##### **b) Impairment of financial assets: (Trade receivables and other financial assets)**

At the date of transition to Ind ASs, the Company has determined that assessing whether there has been a significant increase in credit risk since the initial recognition of a financial instrument would require undue cost or effort, hence the Company has recognised a loss allowance at an amount equal to lifetime expected credit losses at each reporting date until that financial instrument is derecognised (unless that financial instrument is low credit risk at a reporting date).

##### **c) Classification and measurement of financial assets**

The Company has classified the financial assets in accordance with Ind AS 109 on the basis of facts and circumstances that exist at the date of transition to Ind-AS.

##### **d) Deemed cost-Previous GAAP carrying amount: (PPE and Intangible)**

Since there is no change in the functional currency, the Company has elected to continue with the carrying value for all of Property, plant and equipment and Intangible Assets, as recognised in its Indian GAAP financial as deemed cost at the transition date.

**2.36 Global Health Pandemic**

The outbreak of COVID-19 in many countries has brought about disruptions to businesses around the world and uncertainty to the global economy. The Company is closely monitoring the impact of the pandemic on all aspects of its business, including how it will impact its employees, vendors and business partners. The Company based on the information available to date, both internal and external, considered the uncertainty relating to the COVID-19 pandemic in assessing its impact. Based on the current estimates, the Company expects to fully recover the carrying amount of assets, and does not foresee any material adverse impact on its operations. As the outbreak continues to evolve, the Company will continue to closely monitor any material changes to future economic condition.

**2.37** There were no significant adjusting events that occurred subsequent to the reporting period.

**2.38** Previous years figures have been audited by a firm of Chartered Accountants other than S.R. Batliboi & Associates LLP.
